## Join the Fishing Magician On a Trip to Costa Rica!

Costa Rica offers a wealth of fishing opportunity and wildlife viewing, and I have put together a trip that offers both. We will be fishing some of the richest waters in the world for marlin and sailfish. The region we will be fishing also offers roosterfish up to 100 pounds and other species that the hotel and restaurants will prepare for you.

We are leaving on January 9th and will be returning on the 18th<sup>th</sup>. I have planned four days of serious fishing, but have also scheduled an optional day at one of the best National Parks in Costa Rica. The fishing will be on big offshore cruisers, with the best skippers available and top of the line gear. I chose to fish out of Golfito as it is inside of big bay. Even if we have rough weather we will be able to fish here. My buddy Dan Ross says I chose wisely. It is his favorite place to fish and he has fished everywhere in Costa Rica for over 15 years. He says it is the only place that he *guarantees* roosterfish!

I hope you can join me for the ultimate “bucket list” fishing experience, and to explore the beauty and wildlife that Costa Rica offers. Once again there is a limited number of people that will be able to go on this trip, so talk to my travel partners at Journey Travel and Tours right away!
