"FLOAT FISHING" for Steelhead Tackle You Will Need

- ✓ **RODS:** Berkley® Buzz Ramsey Air® IM-7 Graphite spin rod in 9'MS, 9'6"M or Air® IM-7 Graphite casting rod in 9'6"M.
- ✓ **REELS:** Abu Garcia® Cardinal® or Mitchell® 300/308 Spinning or Abu Garcia 5500 C-3/5600 C-4 or Revo™ bait-cast reels.
- ✓ **MONOFILAMENT LINE:** Berkley® Trilene® XL®, Berkley® Trilene® XT® or Berkley® Trilene® Sensation® in 8, 10 (most popular) or 12-pound test.
- ✓ **SUPERLINE:** Fireline® in 8, 10, 14 (most popular) or 20-pound test, available in Smoke, Crystal or hi-vis Flame Green.
- ✓ **LEADER:** Berkley® Vanish® or Berkley® Trilene® 100% Fluorocarbon-Professional Grade™ (best) in 8 to 12 pound.
- ✓ **WEIGHT:** Depending on float style/size, one or more size 3 to 9 split shot, or section of 3/16" diameter pencil weight.
- ✓ **STEELHEAD JIG HEAD:** 1/16, 1/8 (most popular), 1/4 oz. (split-shot can be added to offset buoyancy of float.)
- ✓ **SWIVEL:** Size 7 or 10 Berkley® McMahon® can be used when joining mono or fluorocarbon leader to Fireline®.
- ✓ **SINGLE HOOKS:** Depending on bait size 4, 2, 1, 1/0 (most popular for worms), 2/0 or 3/0.
- ✓ **STEELHEAD FLOATS:** Selection of Steelhead Floats. Pencil-shape Floats that tip with the slightest drag are best.
- ✓ **BERKLEY® POWERBAIT® SHAPES:** 4" and 6" Berkley® PowerBait® Floating Steelhead Worm, 3" Power® Trout Worm, 3" Power® Craw, Power® Grubs, Power® Shrimp or Trout/Steelhead Egg Cluster.
- ✓ **BERKLEY® GULP!® AND/OR GULP!® ALIVE!™:** Gulp!® Worm, 3" Craw, 2 or 3" Shrimp, 3" Minnow, 3" Leech, or ALL-NEW Roe/Egg Cluster.
- ✓ **ATTRACTANT:** Berkley® Gulp!® Alive!™ Spray or PowerBait®.

Continued from other side.

Berkley® Gulp!®: Although it comes in critter-looking shapes Gulp! is not a plastic; it's instead a water soluble, biodegradable bait that contains the strongest fish-attracting scent ever developed and disperses it up to 400-times more than equivalent plastic baits. Many anglers consider this unique product "bait-in-a-bag, jar, or bucket" for its likeness and ability to outfish live-bait. Try the ALL-NEW Gulp!® Roe/Egg Cluster or Gulp!® 3" Craw. Other Gulp! shapes that attract steelhead include: shrimp, worm, leech, minnow, grub, single-salmon egg, and maggot.

Note: Similar to live bait, Gulp!® baits can shrivel and harden if left in the air too long. To prevent Gulp!® baits from drying-out, keep fishing them or return to their zip-top bag.

Gulp!® Alive!™: Same Gulp!® baits as above immersed/suspended in buckets of Gulp!® Attractant. These baits maintain lifelike shape, hold up to 20-percent more attractant and can be refreshed during or after use.
